

Thoughtful Thursday

Create a mandala out of natural materials. We would love to see these posted to our Lake School Facebook page.

Collecting natural materials

There are so many items you can use to create mandalas. We love going on adventures to find natural materials to use in our art. Feel free to use whatever natural items are available to you, in your local area, such as:

- sticks
- rocks/pebbles
- shells
- sand
- flowers
- leaves
- driftwood
- pine cones
- seedpods
- dirt
- clovers
- grass
- berries
- feathers
- pine needles
