- how consent can be provided and withdrawn.

SCOPE

POLICY

There are many occasions during the school year where The Lake Primary School staff photograph, film or record students participating in school activities or events, for example, classroom activities, sports events, concerts, excursions, camps etc].

We do this for many reasons including to celebrate student participation and achievement, showcase learning programs, document a student's learning journey/camps/excursions/sports events, communicate with our parents/carers and school community in newsletters and on classroom blogs/apps. There may also be occasions where we take images to support student behaviour management or to fulfil legal obligations. Further detail is provided within this policy.

In addition to the above, there may be situations where a third party requests to take, use or disclose images of students.

This policy outlines the practices that The Lake Primary School has in place for the collection, use and disclosure of images of students to ensure compliance with the Privacy and Data Protection Act 2014 (Vic). It also explains the circumstances in which we will seek parent/carers consent and how consent can be provided and withdrawn.

CONSENT

The Photographing, Filming and Recording Students Consent Form is provided by The Lake Primary School at enrolment. This form applies to standard uses of images for the time your child attends the school. Standard uses are defined in the following sections. Consent, if given, applies until it is withdrawn or changed.

For non-standard uses, where consent is required, parents/carers will be sent a consent form for that specific situation. Schools will also notify parents when implementing software that may include photos of students, giving parents an opportunity to discuss any concerns or preferences.

If at any time parents/carers wish to withdraw their consent, they can by contacting the principal on 03 50233468. If consent is withdrawn verbally, the school will make a written record of this. However:

- if the images have already been published and are in the public domain, it may not be possible to remove them
- the school can still collect, use and disclose images in circumstances where consent is not required (see below for more information).
- image use within the physical school environment
- The Lake Primary School may photograph, film or record students to use within the physical school environment, including:
- for display in school classrooms (e.g. in displays of student work, on noticeboards to celebrate achievements)
